**Student Spotlight:**
**Karymyn McKnight**
**Pratt ’15**

Karymyn is a junior studying Biomedical Engineering and Electrical & Computer Engineering, with a minor in Theater Studies. Karymyn is also a Line Monitor, which means she works with Duke Athletics and Game Operations to fill Cameron for basketball games (and some other events).

You'll find Karymyn running around before games, helping to let students into the stadium and also dealing with crowd control. During tenting season, she can also be found carrying a large megaphone and coordinating the list of tent rosters. Being a Line Monitor is not about loving basketball and being a Cameron Crazie (“Although I certainly am!” Karymyn clarified), but it is about working for Duke Basketball. It's a lot of work and it's not always fun. But I love what I do, because it's about giving back to the team, by doing what I can to pack the student section of Cameron and get students excited for games.
