1

When do you meet / What is the time commitment like?

Exec Board - 1 hr/week, 8 pm on Thurs.
Members - Self-determined; as many events, discussions, and volunteer events as you would like to attend.

2

What do you do?

We meet to brainstorm events that will start dialogue on campus - this means hosting speakers, structured debates, and panels - as well as eventually provide volunteer opportunities for members (at pregnancy support centers, etc.)

3

Why did you start this club?

Not to convince people of anything - simply to provide a space for conversation around the pro-life stance, and to support those choosing life in any way we can.

4

Do I have to be religiously affiliated to join?

No, not at all. You can be of any faith, agnostic, atheist, or have never thought about it at all. We welcome you.

WHAT IS THE PRO-LIFE STANCE?

1

Respecting all life regardless of its dependency, education, or development. This includes being against abortion and the death penalty.

2

Supporting mothers and families throughout pregnancy, childbirth, and child-rearing.

3

Caring for the Earth.

4

It is NOT a single-issue stance (pro-life is not synonymous with anti-abortion).

5

It is NOT out to guilt or shame people. We respect those that think differently.
